Overview

WEST VOLUSIA POLICE ATHLETIC LEAGUE

"Serving the Community since 1991"

The West Volusia Police Athletic League is a successful partnership between the Volusia County Sheriff's Office, the DeLand Police Department and the community. The program began in October of 1991, and with strong leadership from its Board of Directors has grown steadily each year. WVPAL currently operates the refurbished Jackson Gym, dedicated on November 28, 1995. The structure had been closed to the public for more than 26 years. Through the cooperation of the Volusia County School Board and funding provided by a Community Development Block Grant, as well as generous business and private donations, the Nathaniel E. Jackson Gymnasium stands as a tribute to a community willing to invest in its children.

Mission Statement – "Training for Life"

The mission of West Volusia PAL is to provide quality athletic and educational activities for at-risk children in the greater DeLand area at low or no cost to the participant. PAL is based on the strong belief that youth sports programs help instill positive social and moral values as well as discipline, and contributes significantly to the reduction of juvenile delinquency. If young people are reached early enough in their journey through life, they can develop a strong, positive attitude toward law enforcement and achieve their goals of adulthood and good citizenship.

Vision Statement

The Vision of West Volusia PAL is to provide a positive influence on the youth in Volusia County.

Objectives and Goals

The Goals at West Volusia PAL are to provide our participants with a safe place to come and play, learn, and develop so that they reach their potential. WVPAL focuses specifically on Academic Achievement, Leadership Achievement, Physical fitness, Broadening Horizons and Reducing Crime.

Statement of Diversity

West Volusia PAL is a diverse community of people of all genders, ages, cultures, races, religions, sexual orientations, socio-economic backgrounds and abilities. WVPAL celebrates and advances diversity by creating a safe place in which people can express themselves freely and share their unique talents.

Discipline/Dismissal

Discipline / Dismissal

Many of the challenges that the WVPAL staff face day to day can be handled between the child or young person and WVPAL staff. We always make sure the punishment fits the behavior.

Example:

- Frequently stopping the behavior is enough to end the discussion. “ Hey stop that”
- Going to an office to calm down, then talking to a staff member and deciding on appropriate actions to take
- Cleaning something at WVPAL building or other appropriate task
- Conversation with parent / guardian
- Suspension with the number of days to be determined by the WVPAL Program Director

WVPAL handles disciplinary procedures on an individual basis. It is the responsibility of the parent/guardian to let staff know if the child or young person has a developmental issue so that we can better understand the behavior. If the behavior is ongoing or extreme the child or young person will be sent to WVPAL Program Director for further guidance and discussion. **WVPAL holds the right to dismiss any child or young person for extreme behavior if necessary (ex: intentional injury of staff or another child or young person, or damage the property of WVPAL).** Dismissal can be immediate and without advance notice. In the event of dismissal the parent or guardian will be notified.

Child Abuse Avoidance

It is the strict and unequivocal policy of WVPAL that we strongly condemn the physical, sexual or emotional maltreatment or neglect of a child or children. In addition, through policy, WVPAL will direct

all staff, coaches and volunteers to behave in such a manner that there will not be circumstances where such abuse will occur. If such abuse is discovered to have occurred, WVPAL will fully cooperate with law enforcement and DCF to prosecute the abuser.

WVPAL staff, coaches and volunteers will ensure that they are not alone with a child and isolated in any manner.

Athletic Activities

Lightning Safety Rules

Each year, about 400 children and adults in the U.S. are struck by lightning while working outside, at sports events, on the beach, mountain climbing, mowing the lawn or during other outdoor activities. About 80 people are killed and several hundred more are left to cope with permanent disabilities. Many of these tragedies can be avoided. Finishing the game, getting a tan, or completing a work shift is not worth death or crippling injury.

All thunderstorms produce lightning, by definition. If you can hear thunder, you are close enough to the storm to be struck

If you can hear thunder, you are within 10 miles of a storm—and can be struck by lightning. Seek shelter and avoid situations in which you may be vulnerable.

Use the 30-30 rule, when visibility is good and there is nothing obstructing your view of the thunderstorm. When you see lightning, count the time until you hear thunder. If that time is 30 seconds or less, the thunderstorm is within six miles of you and is dangerous. Seek shelter immediately.

Football Guidelines

WVPAL supports the guidelines and rules established by the Mid-Florida youth Football Conference. In the event of any conflict between the policies of MFFCC and WVPAL, the stricter standard is observed.

PRACTICE

No Mid-Florida Youth Football Conference team may begin practice prior to July 8 (**conditioning may begin July 1**) of the current football season year. No team may schedule more than eight (8) hours of practice per week. A week is defined as seven (7) consecutive calendar days. No more than 2 ½ hours of practice may be scheduled on any one-day.

DEFINITION OF PRACTICE

To prevent possible bending of the rules and as protection of children, practice is defined as a gathering of players, without a minimum number, requiring the presence of at least one coach, where one or more activities take place.

1. Weekly film review
2. Chalk talk, strategy session
3. Play run through without pads
4. Controlled scrimmage.

The so-called "party" at the coach's home where films are shown or football is worked on or discussed can be deemed a practice. Use of the football field or a football is not required to satisfy the definition of practice.

Practices are held on Monday, Tuesday, and Thursday from 5:30 pm – 7:30pm

Coaches are required to conduct an adequate warm up time before each practice and game and make sure every player/participant has on proper clothing and shoes to participate in practice.

Heat Index Practice Modifiers / Severe Weather Emergencies

Often during July, August, September, and October we are faced with extreme heat conditions. WVPAL has implemented the following practice guidelines as it relates to heat index as the start of conditioning and practices:

- Heat index of 90 degrees or less
 - Normal activities
 - At least three separate rest breaks each hour
- Heat index between 91-99 degrees
 - Two hours maximum practice time

- Provide unlimited fluids and monitor players for signs and symptoms of heat illness
- Heat index between 100 – 109 degrees
 - Restricted activities, no equipment
 - On hour of maximum practice time
 - Provide unlimited fluids and monitor players for signs and symptoms of exhaustion, heat cramps and sunstroke likely and heatstroke possible

When thunderstorms with lightning or other severe weather patterns are reported within 6 miles:

- If at practice, the WVPAL Program Director or the WVPAL Football Commissioner or his /her appointee will make the determination whether to cancel practice for inclement weather.
- If at game time or after the game starts, the official and coaches should make the determination whether to cancel the game for inclement weather
- If thunderstorm with lightning within 6 miles, players/participants will exit the playing field and seek shelter in cars or building, until the storm passes. (Refer to Lightning Safety Rules for additional information)

Head-to-Head Contact

No full speed head-on blocking or tackling drills in which the players/participants line up more than 3 yards apart are permitted. However, having two linemen in stances immediately across the line of scrimmage from each other and having full speed drills where the players/participants approach each other at an angle, but not straight ahead in to each other are both permitted. WVPAL coaches should do everything in their power to avoid all intentional head-to head contact.

Concussion Protocol

WVPAL will follow Heads Ups Football recommended protocol when a player/participant has sustained a concussion or other brain injury.

- No player/participant should return to the game or practice on the same day he/she sustains a concussion or brain injury. A licensed health care provide will make the final decision.

Heads Up Football Action Plan

If you suspect that a player/participant has a concussion, you should take the following four steps:

1. Remove player/participant from the field
2. Ensure that the player/participant is evaluated by an appropriate health care professional. Do not try to judge the seriousness of the injury yourself
3. Inform the player's/participant's parents about the possible concussion and give them the fact sheet on concussion

4. Keep the player/participant out of play the day of the injury and until an appropriate health care professional examines the player/participant

Coaches Box Rules

During games, only players/participants, league approved coaches, team medical aid, team parents, WVPAL staff and the WVPAL Football Commissioner will be allowed in the Coaches Box. During emergencies or injuries; parents, emergency medical services will be allowed in the Coaches Box or on the field if necessary.

Items still under development:

Assigning and returning of football equipment

Awards ceremony / Banquet

Cleaning and care of equipment

Parents using their own equipment

Etc.

Other sporting activities guidelines will be added.
